

2012-2013 Action Steps

Math-Number 3 School

1. Identify students in need of Math remediation based on partially proficient NJ ASK scores and a teacher generated Fall pre-test.
2. Implement Learnia Formative Assessment Program, Extended-Day Math Program, Homework Help Program.
3. Professional Development opportunities to increase Math success and improve instructional practice will be provided/approved.
4. Administer a teacher generated Spring post-test.
5. Focus on reducing the number of students in identified subgroups scoring partially proficient on the Math section of the NJ ASK.
