

Superintendent's Message

Welcome to the Fairview Public School District website. The 2021-2022 school year will be starting for all students in grades K-8 on September 9, 2021. Pre-K students will begin classes on September 13, 2021. This will be a challenging school year for students, parents, teachers and staff due to the limitations and safety measures put in place because of the COVID-19 virus. We ask for the patience, cooperation and understanding of all parents and families as we begin the new school year. The Fairview School District is committed to providing a safe and healthy learning environment for all students, teachers and staff. The Fairview School District is proud to provide a quality elementary education to our students. The district now has one chrome book for each student in grades PK-8. We also upgraded our internet infrastructure this year and are happy to provide safe and reliable internet access to all of our schools. The district is planning to install additional security cameras in district schools during the 2021-2022 school year, which will enhance the security of the buildings and grounds.

The community of Fairview is approximately one square mile in size, located in Bergen County, N.J. There are four elementary schools in our PK-8 district with an enrollment of approximately 1,550 students. The Fairview School District offers a breakfast and lunch program, extended-day program, summer school program and an after-care program for all students. This year the district is planning to offer all of these programs. We sincerely hope that the district will not have to limit these programs due to restrictions caused by the COVID-19 virus. Information about the breakfast and lunch programs is available on the district website.

We wish all of our parents/guardians, students, community members and staff members a safe and enjoyable school year.

Stay healthy and safe.

Dr. David Sleppin, Superintendent of Schools

"Raising Expectations For Each And Every Student"
